# Computer Assisted English Language Learning

Se  
Habla  
Español

## English Language Pre- and Post- Testing using the CASAS Assessment System

**Many Class options are available.  
Contact us for more details.**

### The Program is Designed to:

This program is designed to give adults whose first language is not English, the tools and foundation to communicate effectively in English. Various forms of technology are incorporated into the curriculum to enhance the classroom experience as well as giving students the opportunity to use different forms of media that they will use at work or in daily life. We provide our students with the necessary literacy and computer skills to function in their roles as learners, parents, workers, and consumers.

### During Class and Open Lab, Students Learn:

#### Speaking

- Increase vocabulary
- Improve accent and pronunciation
- Diction exercises

#### Reading

- Increase reading and comprehension skills

#### Writing

- Practice and reinforce proper grammar

#### Computer Activities

- Each student receives an e-mail address
- Communicate internationally using e-mail
- Useful ESL web-sites will be explored
- Individual and group internet project assignments

#### Customized Instruction

- Allows students to work at their own pace

**Please call to discuss tuition assistance  
options.**
